**Seller/Depositor.**

1. Only those depositors who have deposited the Chana into the Exchange accredited warehouses and whose quality is in accordance with the specifications prescribed by the Exchange from time to time may sell Chana on the Exchange platform.
2. When the Seller deposits the Chana into the Exchange accredited warehouse, the same will be subject to visual inspection, inspection as to the soundness of packing etc. by the warehouse and upon being satisfied of the nature and sound packing of the commodity, the warehouse shall issue Deposit Acknowledgment Slip (DAS) and shall process the deposit of the commodity. The goods shall be subjected to assaying and only upon the goods being certified as accepted within the specified norms of quality mentioned in the contract specification, the warehouse shall accept the goods for storage. The DAS shall be valid till the assaying report is received by the warehouse.

3. Upon completion of assaying process and successful certification of the goods, the Warehouse shall proceed to issue Commodity Deposit Certificate (CDC)
4. The details of the CDC will have to be entered into WMS (Warehouse Management System) by the Member with whom the depositor is affiliated.
5. Seller shall ensure availability of Chana equivalent to the quantity of Chana to be traded, in the Warehouse Management System (WMS) put in place by the Exchange prior to entering sell order through the trading platform and shall, through his member, instruct the warehouse to, electronically lock the same for sale in the WMS.
6. The Seller Member shall get the quantity locked from the accredited warehouse by giving written request by way of fax / personal delivery to the accredited warehouse mentioning Member ID & client id, commodity, Commodity Deposit Certificates (CDC) nos., validity & quantity which the Seller desires to lock-in in the WMS. It shall be the responsibility of the Member to ensure that the written request is on the official letter head of the Member and carries the signature of the authorized signatory of the Member. Upon receipt of such request, the warehouse would check the physical quantity of Chana available for lock-in and after ensuring that sufficient quantity is available for lock-in, the said warehouse would confirm the lock-in for the requested quantity in the WMS.
7. Failure to deposit & lock in sufficient quantity of Chana as aforesaid in the Exchange delivery system would result in rejection of sell order when placed through the automated trading system. The Seller Member shall place the sell order after getting online confirmation in the WMS from the accredited warehouse about the lock-in of the quantity as requested.
8. Seller may unlock any quantity of Chana prior to execution of trade on any given day and may request release of goods if deposited in the warehouse. Partial unlocking is allowed for withdrawal purposes.

9. Seller may modify his price from time to time or withdraw the offer before any order is matched with any Buyer as per process put in place by the Exchange.
10. The warehouse shall have to be informed by the Member regarding any withdrawal of the goods.
12. The member /member's representative (whose profile is created) can take the physical delivery of the requested quantity of Chana from the warehouse on presentation of necessary proofs.
13. Undertaking from Depositor: Every depositor shall have to provide an undertaking in the prescribed format to the warehouse at the time of deposit to the effect that:
  - The CDC/s issued is/are for the limited purpose of entry into WMS for trading on the Exchange platform.
  - The depositor can withdraw the goods only as per process of withdrawal through member in the WMS.
  - The goods deposited by him are not under any lien or encumbrance.
  - The goods being deposited are owned by the depositor or the depositor has complete legal authority to sell and transfer the goods
14. Warehouse shall issue a CDC to the Seller for every tradable lot which is deposited.

For eg :- if a depositor has brought in 30195 kgs of Chana then the warehouse shall issue 3 separate CDC's to the Seller on net quantity after deducting standard allowance and bag wt.
15. **Withdrawal of non-traded goods:** Withdrawal requests for the free balance of commodity can be placed online. If the depositor wishes to withdraw the goods from the warehouse in any of the following stages,
  - a. after issue of CDC and before entering the details of the CDC in the WMS,

- b. after lock-in of the quantity of goods and till the time there is no sell order placed on the trading system of the Exchange by the member concerned on behalf of the depositor,
- c. after lock-in and partial sale of the locked-in quantity, the remaining quantity is sought to be withdrawn,

then the depositor shall have to follow the process for release of commodity through the WMS system only.

Currently, as per the system put in place,

- a. the depositor has to place a “Withdrawal Request” through his Member WMS module for processing.
  - b. The depositor has to then submit his photo id, signature proof along with the original CDC.
  - c. Upon verification and satisfaction by the warehouse, the requested withdrawal quantity will get released through the WMS member module as per process put in place
16. a. The seller should ensure that the Chana delivered on the exchange platform is mandi tax paid and necessary anugya patra which acts as a documentary proof for payment of mandi fee should be retained.
- b. The seller client has to submit the anuyagya patra to the warehouse as a proof of mandi tax paid goods for fresh deposit.
